Minnieland: A Child's Place :60

If you could open the (*sfx: door squeak open*) door, and peek at the tomorrow of your kids, would you like what you see? Would your son be a judge? Would your daughter be a surgeon? Would your kids be happy, healthy, well adjusted and enjoying their own families? (*sfx: door close*) Success as an adult begins with success as a child. Success as a child begins with a loving, nurturing, atmosphere. A loving nurturing fun filled atmosphere is home at Minnieland, a Child's Place. When the wooden blocks and finger paints of childhood yield to the architectural drawings and fine art of adulthood, you and your children will feast on the memories from Minnieland, a Child's Place. Visit online right now at (*web address*) dot com and explore learning in a loving environment, or stop by either (*city*) location, off Massaponax, and off Gordon Road. A safe, loving, caring, fun filled environment for children six weeks to twelve years, full or part time: Minnieland, a Child's Place.
